## DEFINITIONS

### (ia) Deductible HMO Plans

Deductible plans with family coverage have both an individual deductible and a family deductible. That means that one member of the family can meet the lower individual deductible and be eligible for coinsurance or copayments before the higher family deductible is satisfied. Similarly, one family member can meet the lower individual out-of-pocket maximum before the higher family out-of-pocket maximum is met. Services subject to the deductible are marked with “after deductible” along with the coinsurance or copayment amount the member will be responsible for paying once the deductible is met.

### (ib) HSA-Qualified Deductible HMO Plans

Under certain HSA-qualified deductible plans with family coverage, there is no individual member deductible or out-of-pocket maximum. Instead, all plans are subject to a family deductible or out-of-pocket maximum, which can be met by one or more family members contributing to a combined family deductible or out-of-pocket maximum. Once the combined contribution of all family members has reached the applicable deductible or out-of-pocket maximum, the deductible/out-of-pocket maximum will be satisfied for all family members for the remainder of the contract year. Services subject to the deductible are marked with “after deductible” along with the coinsurance or copayment amount the member will be responsible for paying once the deductible is met.

### (ic) HSA-Qualified Deductible HMO Plans

Under certain HSA-qualified deductible plans with family coverage, there is both an individual member deductible and out-of-pocket maximum. That means that one member of the family can meet the lower individual deductible and be eligible for coinsurance or copayments before the higher family deductible is satisfied. Similarly, one family member can meet the lower individual out-of-pocket maximum before the higher family out-of-pocket maximum is met. Services subject to the deductible

are marked with “after deductible” along with the coinsurance or copayment amount the member will be responsible for paying once the deductible is met.

### (id) Added Choice Plans

Added Choice point-of-service plans combine an in-network provider option with an out-of-network provider option. Members can switch between the two provider network options at any time. Benefits vary between each option, and the cost sharing for a particular service depends on the provider option and, sometimes, where the member receives care.

### (ie) HMO/DHMO Plus Plans

The HMO Plus and DHMO Plus plans are traditional HMO/DHMO plans with an added benefit, called the out-of-network benefit, that gives members the ability to see any licensed provider in the nation for certain covered outpatient services annually (visit limits apply).

### (iii) Kaiser Permanente Signature<sup>SM</sup> Provider Network

With the Kaiser Permanente Signature provider network, you receive quality care provided by our Permanente physicians—a network of physicians in the Mid-Atlantic Permanente Medical Group, P.C., who practice exclusively in our medical centers conveniently located throughout the covered Maryland, Virginia, and Washington, DC, service areas. You can choose a doctor at any time, for any reason, ensuring that your physician meets your needs. Our medical centers offer a range of services in one location, including primary care, lab, X-ray, and pharmacy. For inpatient services, you have convenient access to contracted hospitals located throughout the service area. When you receive care, tests, and screenings in our medical centers, you can use [kp.org](http://kp.org) to email your doctor’s office, check most lab results, schedule and cancel appointments, order prescription refills for mail delivery or pickup, and much more.

### (iii) Kaiser Permanente Select<sup>SM</sup> Provider Network

Building on our Signature physician network, Select adds access to contracted community physicians in private practice. Members may choose a Permanente physician in the Mid-Atlantic Permanente Medical Group, P.C., or a community physician, and also have access to contracted hospitals located throughout the service area.

## EXCLUSIONS

This provision provides information on what Services the Health Plan will not pay for regardless of whether or not the Service is Medically Necessary.

These exclusions apply to all Services that would otherwise be covered under this Agreement. Benefit-specific exclusions that apply only to a particular Service are noted in the List of Benefits in this section. When a Service is not covered, all Services, drugs, or supplies related to the non-covered Service are excluded from coverage, except Services we would otherwise cover to treat direct complications of the non-covered Service.

For example, if you have a non-covered cosmetic surgery, we would not cover Services you receive in preparation for the surgery or for follow-up care. If you later suffer a life-threatening complication, such as a serious infection, this exclusion would not apply and we would cover any Services that we would otherwise cover to treat that complication.

The following Services are excluded from coverage:

1. **Certain Alternative Medical Services**, except when used for anesthesia: acupuncture Services and any other Services of an Acupuncturist, Naturopath, and Massage Therapist.
2. **Certain Exams and Services**: Physical examinations and other Services:

Examples of Cosmetic Services include but are not limited to cosmetic dermatology, cosmetic surgical Services and cosmetic dental Services.
4. **Custodial Care**, meaning assistance with activities of daily living (for example: walking, getting in and out of bed, bathing, dressing, feeding, toileting and taking medicine), or care that can be performed safely

and effectively by people who, in order to provide the care, do not require medical licenses or certificates or the presence of a supervising licensed nurse.

5. **Disposable Supplies** for home use such as bandages, gauze, tape, antiseptics, dressings, ace-type bandages, and any other supplies, dressings, appliances, or devices not specifically listed as covered in this Section.
6. **Durable Medical Equipment**, except for Services covered under "Durable Medical Equipment" in the List of Benefits in this Section.
7. **Employer or Government Responsibility**: Financial responsibility for Services that an employer or government agency is required by law to provide.
8. **Experimental or Investigational Services**: Except as covered under Clinical Trials in this section, a Service is experimental or investigational for your condition if any of the following statements apply to it at the time the Service is or will be provided to you:
  - a. It cannot be legally marketed in the United States without the approval of the federal Food and Drug Administration (FDA) and such approval has not been granted; or
  - b. It is the subject of a current new drug or new device application on file with the FDA and FDA approval has not been granted; or
  - c. It is subject to the approval or review of an Institutional Review Board ("IRB") of the treating facility that approves or reviews research concerning the safety, toxicity, or efficacy of Services; or
  - d. It is the subject of a written protocol used by the treating facility for research, clinical trials, or other tests or studies to evaluate its safety, effectiveness, toxicity or efficacy, as evidenced in the protocol itself or in the written consent form used by the facility.

In determining whether a Service is experimental or investigational, the following sources of information will be relied upon exclusively:

- a. your medical records;
- b. the written protocols or other documents pursuant to which the Service has been or will be provided;

- c. any consent documents you or your representative has executed or will be asked to execute, to receive the Service;
- d. the files and records of the IRB or similar body that approves or reviews research at the institution where the Service has been or will be provided, and other information concerning the authority or actions of the IRB or similar body;
- e. the published authoritative medical or scientific literature regarding the Service, as applied to your illness or injury; and
- f. regulations, records, applications, and any other documents or actions issued by, filed with, or taken by, the FDA, the Office of Technology Assessment or other agencies within the United States Department of Health and Human Services, or any state agency performing similar functions.

The Health Plan consults Medical Group and then uses the criteria described above to decide if a particular Service is experimental or investigational.

9. **External Prosthetic and Orthotic Devices**: Services and supplies for external prosthetic and orthotic devices, except as specifically covered under this section of this Agreement.
10. **Infertility Services**:
  - a. Services for artificial insemination or in vitro fertilization or any other types of artificial or surgical means of conception including any drugs administered in connection with these procedures.

12. **Services for Members in the Custody of Law Enforcement Officers:** Non-Plan Provider Services provided or arranged by criminal justice institutions for Members in the custody of law enforcement officers, unless the Services are covered as Emergency Services.
13. **Travel and Lodging Expenses:** Except in some situations when a Plan Physician refers you to a provider outside of our Service Area, we may pay certain expenses that we pre-authorize in accord with our travel and lodging guidelines.
14. **Worker's Compensation or Employer Liability:** Financial responsibility for Services for any illness, injury or condition, to the extent a payment or any other benefit, including any amount received as a settlement (collectively referred to a "Financial Benefit"), is provided under any worker's compensation or employer liability law. We will provide Services even if it is unclear whether you are entitled to a Financial Benefit; but we may recover the value of any covered Services from the following sources:
- a. Any source providing a Financial Benefit or from whom a Financial Benefit is due; or
  - b. You, to the extent that a Financial Benefit is provided or payable or would have been required to be provided or payable if you had diligently sought to establish your rights to the Financial Benefit under any workers' compensation or employers' liability law.

## LIMITATIONS

We will make our best efforts to provide or arrange for your health care Services in the event of unusual circumstances that delay or render impractical the provision of Services under this Agreement, for reasons such as:

1. A major disaster;
2. An epidemic;
3. War;
4. Riot: means a public disturbance involving an assemblage of five (5) or more persons which by tumultuous and violent conduct or the threat thereof creates grave danger of damage or injury to property or persons. An exclusion or limitation for riot shall apply only when a person willfully engages in a riot or willfully incites or urges other persons to engage in a riot;
5. Civil insurrection;
6. Disability of a large share of personnel of a Plan Hospital or Plan Medical Center; and/or
7. Complete or partial destruction of facilities.

In the event that we are unable to provide the Services covered under this Agreement, the Health Plan, Kaiser Foundation Hospitals, Medical Group and Kaiser Permanente's Medical Group Plan Physicians shall only be liable for reimbursement of the expenses necessarily incurred by a Member in procuring the Services through other providers, to the extent prescribed by the Commissioner of Insurance.

For personal reasons, some Members may refuse to accept Services recommended by their Plan Physician for a particular condition. If you refuse to accept Services recommended by your Plan Physician, he or she will advise you if there is no other professionally acceptable alternative. You may get a second opinion from another Plan Physician, as described under Getting a Second Opinion in Section 2: How to Get the Care You Need. If you still refuse to accept the recommended Services, the Health Plan and Plan Providers have no further responsibility to provide or cover any alternative treatment you may request for that condition.
